

# Directions for Proof of Ownership and Tagging of Dairy Beef Market or Feeder Cattle

- Dairy Steer Leaders or Parents of Exhibitors will need to pick-up tags from Caledonia Farmer's Elevator Charlotte, ask for Lisa Shilling, and have it placed in the right ear by February 29th, 2024.
  - Dairy steers that were shown as feeders last year can keep last year's tag.
- DAIRY & DAIRY CROSSBRED FEEDERS: One tag per animal will need to be placed in the right ear of the animal by May 1, 2024. Vaccination paperwork must be turned in on June 1 along with dairy market pen request form.
- After tagging the animal the following 3 photos need to be taken and uploaded to fairentury.com (THIS IS NEW THIS YEAR- NO FORMS TO SUBMIT):
  - Headshot of the animal showing the tag. The tag needs to be readable.
  - A picture of the RFID tag must be readable.
  - $\frac{3}{4}$  body shot of the right side of animal with youth at the halter. The ear tag needs to be readable.
    - (for families that have yet to decide which youth is exhibiting which animal that is fine but still have a youth at the halter)
